A superb Mid Century Rattan/Bamboo Pedestal Console Table in the manner of Vivai del Sud.

The marquetry pedestals attributed to Vivai del Sud (no makers mark) are in superb original condition, the symmetry of the design makes this a wonderful decorative piece and the tone of the bamboo provides a warm texture with a perfect mid century patina.

Not the original glass but a very good match in excellent condition.

The pedestals are also in great condition, some minor age related dents and wear which gives the piece its fabulous look. Can be used with out the glass as separate pedestals.
