A PRIMITIVE ORGANIC WOODEN VERNACULAR WABI SABI SIDE TABLE OR STOOL

SKU: GD1465

A beautiful natural wood stool or side table with an organic shape that embodies the principles of wabi-sabi, which celebrates imperfection, transience, and the beauty of natural materials. The piece has great from and presence, keeping the original organic forms, embracing natures uneven surfaces and asymmetrical shapes. The piece provides a muted, natural colour with hues of light and dark browns that provide a sense of warmth.

The square top, made from two chunky pieces with old steel staple pins, the end grain of the wood visible, the edges are softened with age related wear, legs are twig like and naturally wavy, a sturdy strong piece that can be used as a stool or side table. Top measures circa 30cm square (circa 11.5inches).

The piece offers a minimalistic look, focusing on functionality while retaining an artistic touch,

Usage Ideas

Side Table: Place it next to a sofa or chair for a rustic touch.

Stool: Use it as extra seating when needed, perfect for gatherings.

Display Surface: Ideal for showcasing plants, books, or decorative items.

Styling Tips

Complement with Naturals: Pair with other natural materials like linen or stone for a cohesive look.

Mix and Match: Combine with modern or industrial elements to create an interesting contrast.

Layer Textures: Use throws or cushions in natural fibres to enhance the cozy, organic feel.

Incorporating a wabi-sabi stool or side table into your space can add warmth and a sense of tranquillity, reminding us to appreciate the beauty in imperfection.
