

LARGE COPPER GREEN PAINTED CAST IRON CAULDRON GARDEN PLANTER POT

SKU: GD1685

£975.00

Introducing a **Large Copper Green Painted Cast Iron Cauldron Garden Planter Pot** of superb character, perfect for adding a striking focal point to your garden or indoor space. With a generous **30 inches in diameter**, this piece commands attention.

Design and Features:

The planter showcases a unique patina characterised by its rustic iron charm, featuring layers of old paint. The dark green base is beautifully complemented by flaky layers of Verdigris green, setting this cauldron apart from ordinary planters. Its deep curved silhouette gracefully steps out at the top, forming a wonderfully crafted edge that adds to its aesthetic appeal.

Condition:

This planter is in excellent condition. While it appears to have a couple of small drainage holes, they are currently closed and would likely need to be opened for outdoor use. It could also serve as an indoor feature with a secondary plant pot for watering.

Versatile and Timeless:

Ideal for creating a captivating display in your garden, patio, or home, this **Large Cast Iron Cauldron Planter** embodies a timeless design that complements various decor styles. Whether used to house vibrant plants or as a standalone decorative element, it is sure to enhance your

space.
