LARGE COTEMPORARY LONDON PLANE SOLID WOOD LIVE EDGE DINING TABLE - 10 PERSON

SKU: GD-LP1

£10,895.00

Large Cotemporary London Plane Solid Wood Live Edge 10 person Dining Table

Elevate your dining experience with this truly remarkable live edge wood table, crafted from a solid slab of stunning French Plane timber. The vibrant grain and natural figure of this unique hardwood is a sight to behold, with bursts of captivating red-orange hues that seem to explode across the surface like fireworks.

Boasting an impressive scale, this substantial table comfortably seats up to 10 guests, making it the perfect centrepiece for grand family gatherings, dinner parties, and other special occasions. The generously sized live edge top, measuring over 9 feet in length, creates an undeniable sense of grandeur and presence in any dining space.

Despite its impressive dimensions, the table's design imparts a remarkable sense of lightness and calm. The large, cantilevered overhang, supported by the sleek black satin teak base, gives the impression that the solid wood slab is almost floating, imbuing the piece with a mesmerizing visual elegance.

The light, warm tones of the Plane wood tree are beautifully juxtaposed against the modern

black base, creating a striking visual contrast that is both elegant and impactful. This bold, sculptural, and organic table makes a striking statement in any space, showcasing the incredible natural beauty of the live edge while blending seamlessly with contemporary decor.

Meticulously hand-selected and precisely finished, this one-of-a-kind table top is a true work of art, highlighting the remarkable character and depth of the London Plane wood. Whether hosting grand family gatherings or intimate dinner parties, this stunning live edge table will be the centrepiece of your dining room.

A breath-taking live edge wood dining table. This piece is in stock for immediate delivery.

Greencore Design x Fallen Tree Table Co

Other pieces are also available to bespoke order to client specification, to get involved in the process of commissioning your own table, please get in touch.

The company's signature product is their line of live-edge dining and coffee tables, each made from a single slab of wood sourced from trees that have fallen naturally. The wood is carefully selected, dried, and finished to highlight the natural beauty and character of the grain.

The company's mission is to provide customers with beautiful, one-of-a-kind furniture that not only looks great but also has a positive environmental impact by giving new life to fallen trees. Fallen Tree Table Co. prides itself on its personal service, custom design options, and dedication to using responsibly sourced materials.
