MID CENTURY CONCRETE GARDEN HOUSE PLANTER WITH WEATHERED PATINA IN THE MANNER OF WILLY GUHL

SKU: GD1534

£650.00

Mid Century Concrete Garden House Planter with Weathered Patina – in the manner of Willy Guhl.

Elevate your indoor and outdoor living spaces with the stunning Mid Century Concrete Garden House Planter - a piece that embodies the naturalist design principles championed by legendary Swiss designer Willy Guhl.

Crafted from concrete the piece has a captivating weathered textured patina, this versatile planter exudes an air of rustic sophistication with a lovely silhouette. Its understated lines and colour tone gives the piece a wonderful organic attractive quality.

Whether stationed proudly on your patio, nestled among lush garden foliage, or showcased as a striking focal point in your living room or entryway, this planter will serve as a serene oasis and provide a textured contrast to a space.

In excellent sound condition, the losses and weathered patina gives the piece its unique natural organic charm. No drainage holes so the piece is suitable for interior use. Clean and ready for installation.
