# PRIMITIVE WABI-SABI ANTIQUE CARVED SANDSTONE 8 INCH BOWL | BONSAI POT

**SKU:** GD1722

## £165.00

A primitive antique carved sandstone bowl with a beautifully wabi-sabi character. Measuring approximately 8 inches across, it has a pleasingly simple form, softened edges and a lovely natural lichen patina developed through years of age and exposure.

Quietly decorative and full of texture, this small stone bowl works well as a sculptural shelf piece, table accent or naturalistic garden detail. Its weathered surface and hand-carved irregularity give it an honest, time-worn presence suited to rustic, primitive and wabi-sabi interiors.

It can also be used as a small bonsai pot, herb pot or display vessel for mosses, succulents and seasonal planting.

**Origin and period:** Antique hand carved sandstone bowl, decorative shelf piece or small planter.  Sandstone is a historic UK building and garden stone, valued for its warm colour and natural weathering.
